we need the right to make our own informed and conscientious decisions

i have a 10 year old golden; he has had problems with itchy skin for the last few years

but it would stop pharmaceutical companies like Purdue Pharma, Endo Health Solutions Inc and Pfizer Inc from promoting the drugs for non-approved uses.

im sure of a few things, one being that there are people who know more and different things than i do

decision last year to convert foreign currency mortgages into Forints, a move that helped borrowers

the 180ws heads are extremely small and disappointingly basic
